State Savings Bank

March 14, 2023

To our friends and customers:

You have probably heard of the bank failures that took place in California and New York this past weekend. Neither of these banks would be considered a community bank but instead a niche lender whose assets consisted of crypto-currencies and venture capital loans.

Here at Cypress Bank, we invest in you, your neighbor, and your community. Cypress Bank has a strong capital position and abundance of liquidity to weather tough times.

If you have any questions about Cypress Bank, please feel free to contact us.

Very truly yours,

B. Gooding  
President of Cypress Bank
